Professional Achievements

Project: Kharcha-Book-Expense-Manager
 Appstore Link: https://apps.apple.com/pk/app/kharcha-book-expense-manager/id1608360032
 Descriptions:
  This budget planner App will help you save money, manage your finances, keep track of your income and expenses & plan your future in one place..

Project: EVNGO
 Appstore Link: https://apps.apple.com/us/app/evngo/id1482743283
 Descriptions:
 Evngo is basically an Event based social media in its nature. The purpose of the app is to provide a platform to celebrities for creating and managing their events, where people will view and rate their events.

Project: Walkie - Walk with Friends
 Appstore Link: https://apps.apple.com/us/app/ walkie-walk-with- friends/id1583748274
 Descriptions:
 Walk, Talk and Track Steps with your Friends. After walking with friends in different cities on the phone, We thought it would be great to have an app to track our progress, set goals and keep each other motivated.

Project: Couch To 5K - Run, Jog, Walk
 Appstore Link: https://apps.apple.com/us/app/couch-to-5k-run-jog- walk/id419623299
 Descriptions:
 Couch to 5K guides you with audio trainer so you know when to walk and when to run, without having to keep track of time and intervals. At the same time, you can listen to your own music. The app keeps track of your progress, starting you off on the next day's plan each time you reopen the app after completing a workout. Start session with a five-minute warmup walk or jog

Project: Mausam - Pakistan Weather App
 Appstore Link: https://apps.apple.com/us/app/mausam-weather- forecast/id1600694729
 Descriptions:
 Check your local weather forecast and stay updated in your city and favorite places around the world.

And I have done many project for clients of above listed software houses
